Boulevard Montmartre at Night in 3D

Camille Pissarro · 1897 · The boulevard lights up for the night

Color key

- **1** Sky
- **2** Lights
- **3** Trees
- **4** Buildings
- **5** Street
- **6** Reflections
- **7** Carriages

How it works

1. **Color** the three sheets A, B and C by following the numbers. The night sky and the lit-up buildings (A) are at the very back, the trees and the carriages (B) in the middle, the wet street with the front carriages (C) in front.
2. **Cut out** sheet A along the black frame. For B and C, cut **along the drawing**: throw away all the white above it. Keep the tab at the bottom.
3. **Fold** the L-shaped base on the dotted line: the wall stands up, the floor stays flat. Fold the tabs of B and C backward too.
4. **Glue** A flat on the wall. Glue the tab of B on line “B” on the floor, then the tab of C on line “C”.
5. **Look** from the front: the layers stack up and the painting pops out in 3D. Put it on a shelf!

You need: scissors, a glue stick and your colored pencils. Print on thick paper (cardstock, 160 g/m² or about 60 lb) or glue the sheets onto a cereal box before you cut: they stand up much better.

Tip: you can glue sheet A on the wall BEFORE you color it.

BASE · fold on the dotted line · glue A on the wall, B and C on the floor lines

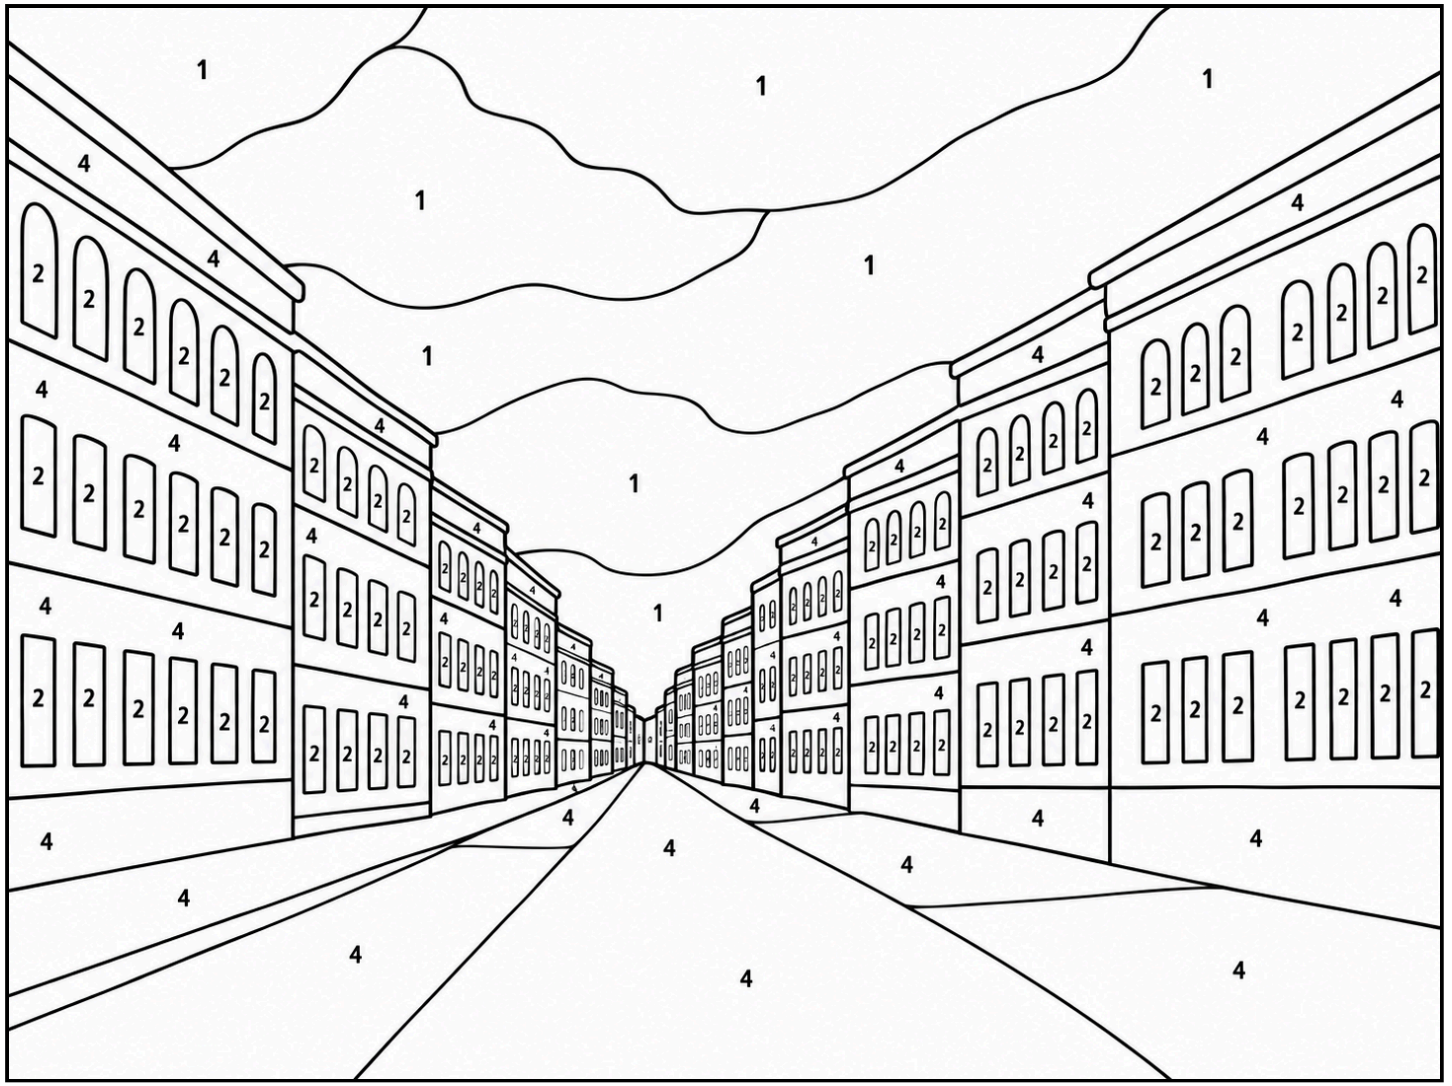

WALL
glue sheet A here, flat

line B · glue the tab of sheet B here

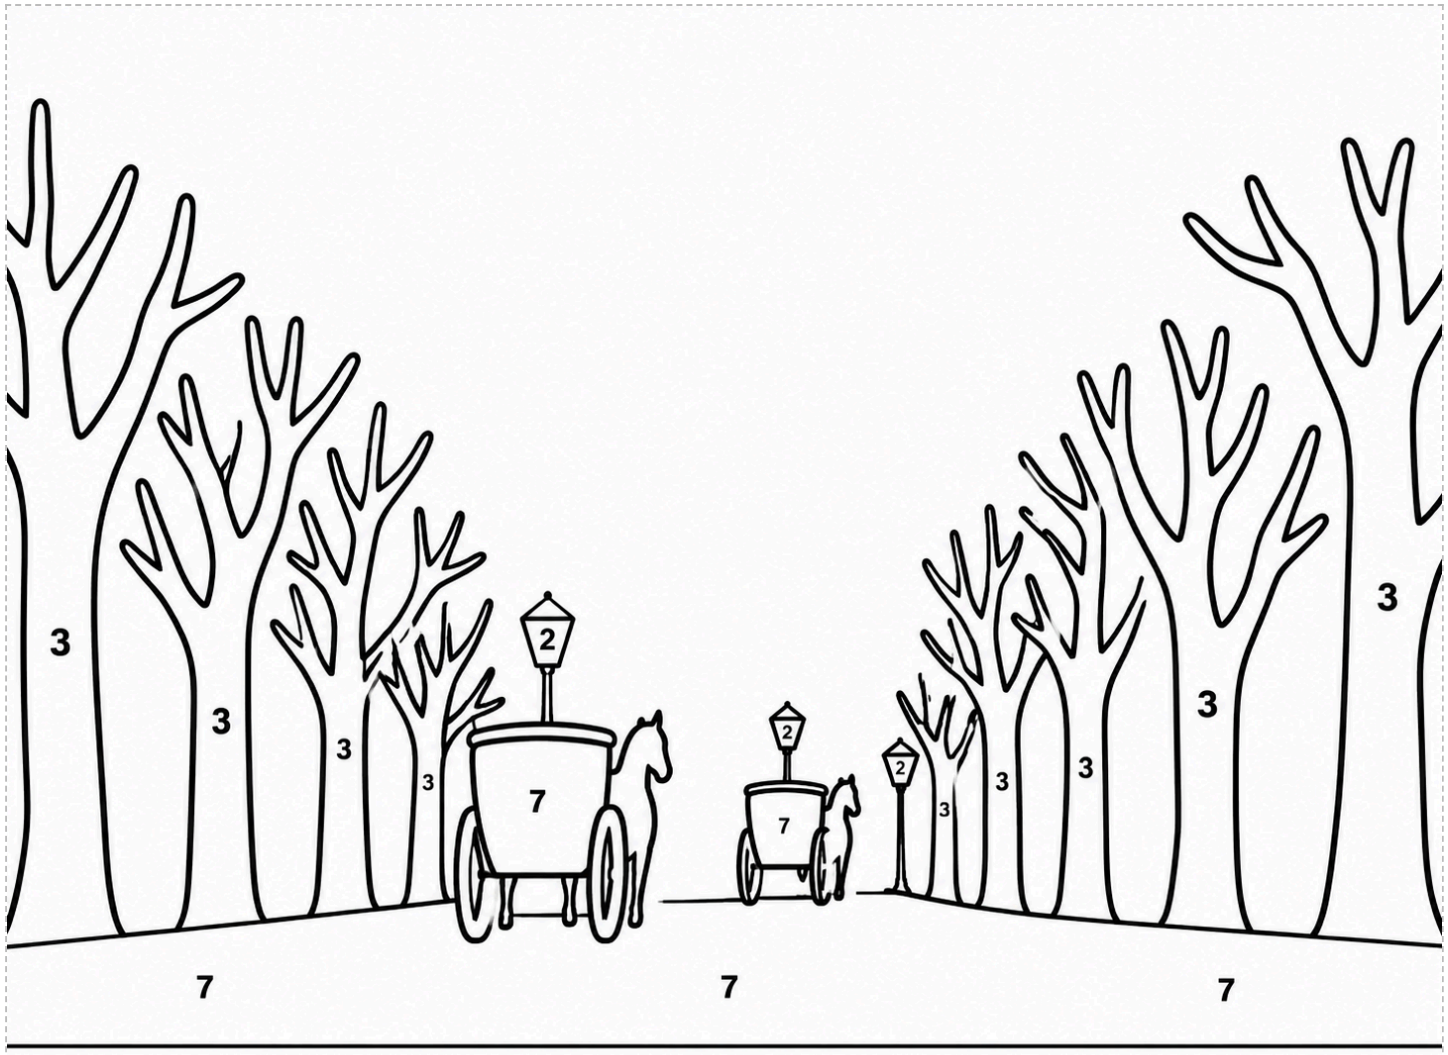

line C · glue the tab of sheet C here

The base is 19 cm wide. The wall is 15 cm tall, the floor 9 cm deep.

SHEET A · THE BUILDINGS · at the very back · cut along the black frame · glue flat on the wall

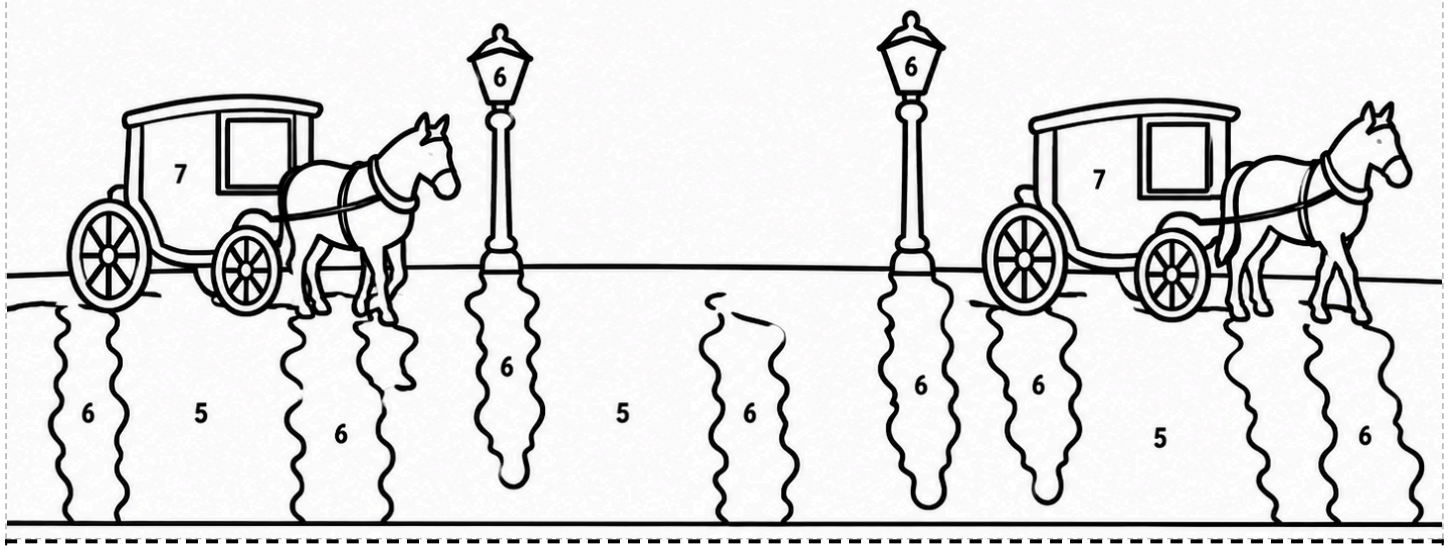

SHEET B · THE TREES AND THE CARRIAGES · in the middle · cut along the outline of the trees (don't cut the gray dotted line) · fold the tab backward

tab · fold here · glue on line B

SHEET C · THE STREET · in front · cut along the top of the street and the carriages (don't cut the gray dotted line) · fold the tab backward

tab · fold here · glue on line C
