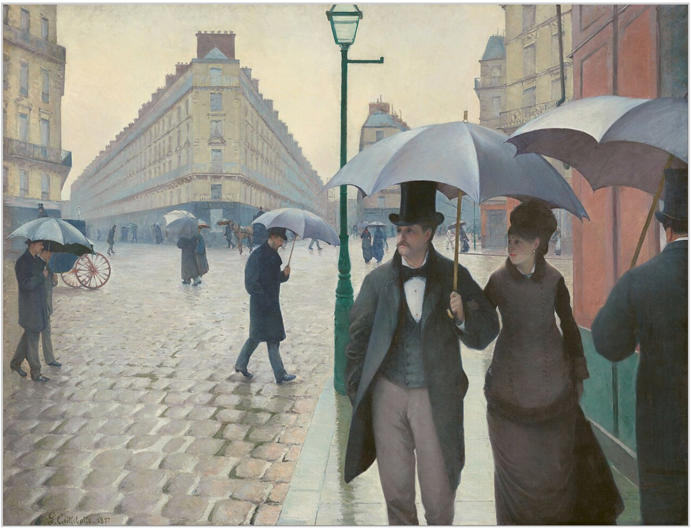
# Paris Street; Rainy Day in 3D

Gustave Caillebotte · 1877 · The umbrellas open in front of the buildings



## Color key

■ **1** Sky

■ **2** Buildings

■ **3** Cobblestones

■ **4** Umbrellas

■ **5** Coats

■ **6** Lamppost

■ **7** Faces

## How it works

1. **Color** the three sheets A, B and C by following the numbers. The sky and the buildings (A) are at the very back, the passersby and the lamppost (B) in the middle, the couple under their umbrella (C) in front.
2. **Cut out** sheet A along the black frame. For B and C, cut **along the drawing**: throw away all the white above it. Keep the tab at the bottom.
3. **Fold** the L-shaped base on the dotted line: the wall stands up, the floor stays flat. Fold the tabs of B and C backward too.
4. **Glue** A flat on the wall. Glue the tab of B on line “B” on the floor, then the tab of C on line “C”.
5. **Look** from the front: the layers stack up and the painting pops out in 3D. Put it on a shelf!

**You need:** scissors, a glue stick and your colored pencils. Print on thick paper (cardstock, 160 g/$m^2$ or about 60 lb) or glue the sheets onto a cereal box before you cut: they stand up much better.

Tip: you can glue sheet A on the wall BEFORE you color it.

BASE · fold on the dotted line · glue A on the wall, B and C on the floor lines

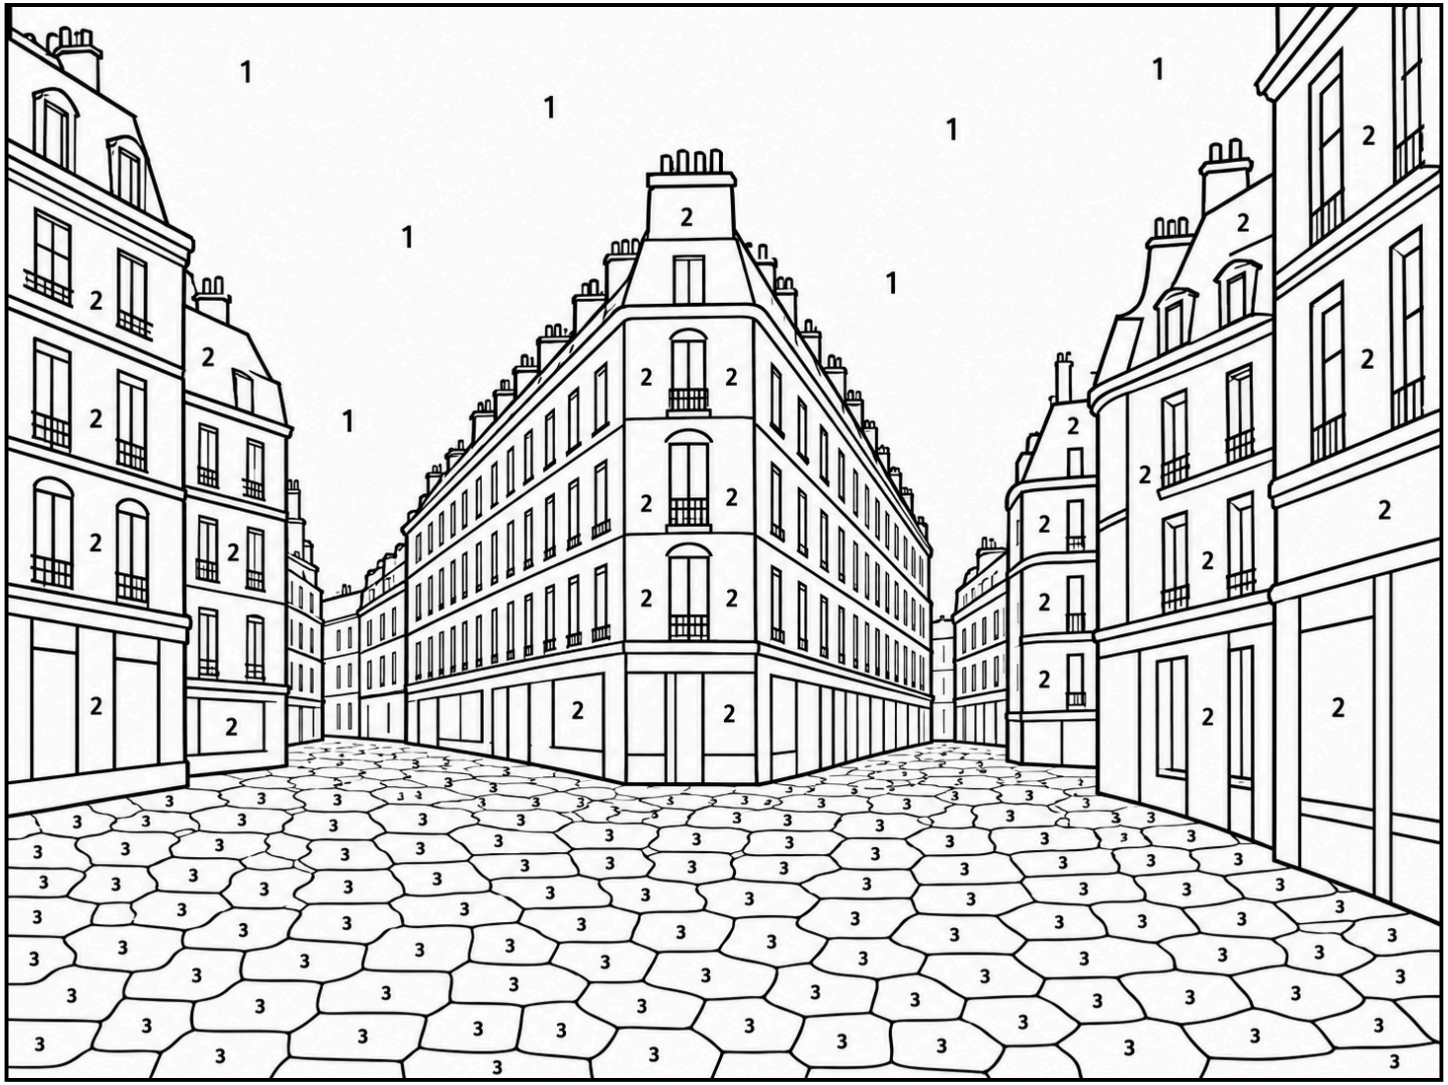
WALL
glue sheet A here, flat

line B · glue the tab of sheet B here

line C · glue the tab of sheet C here

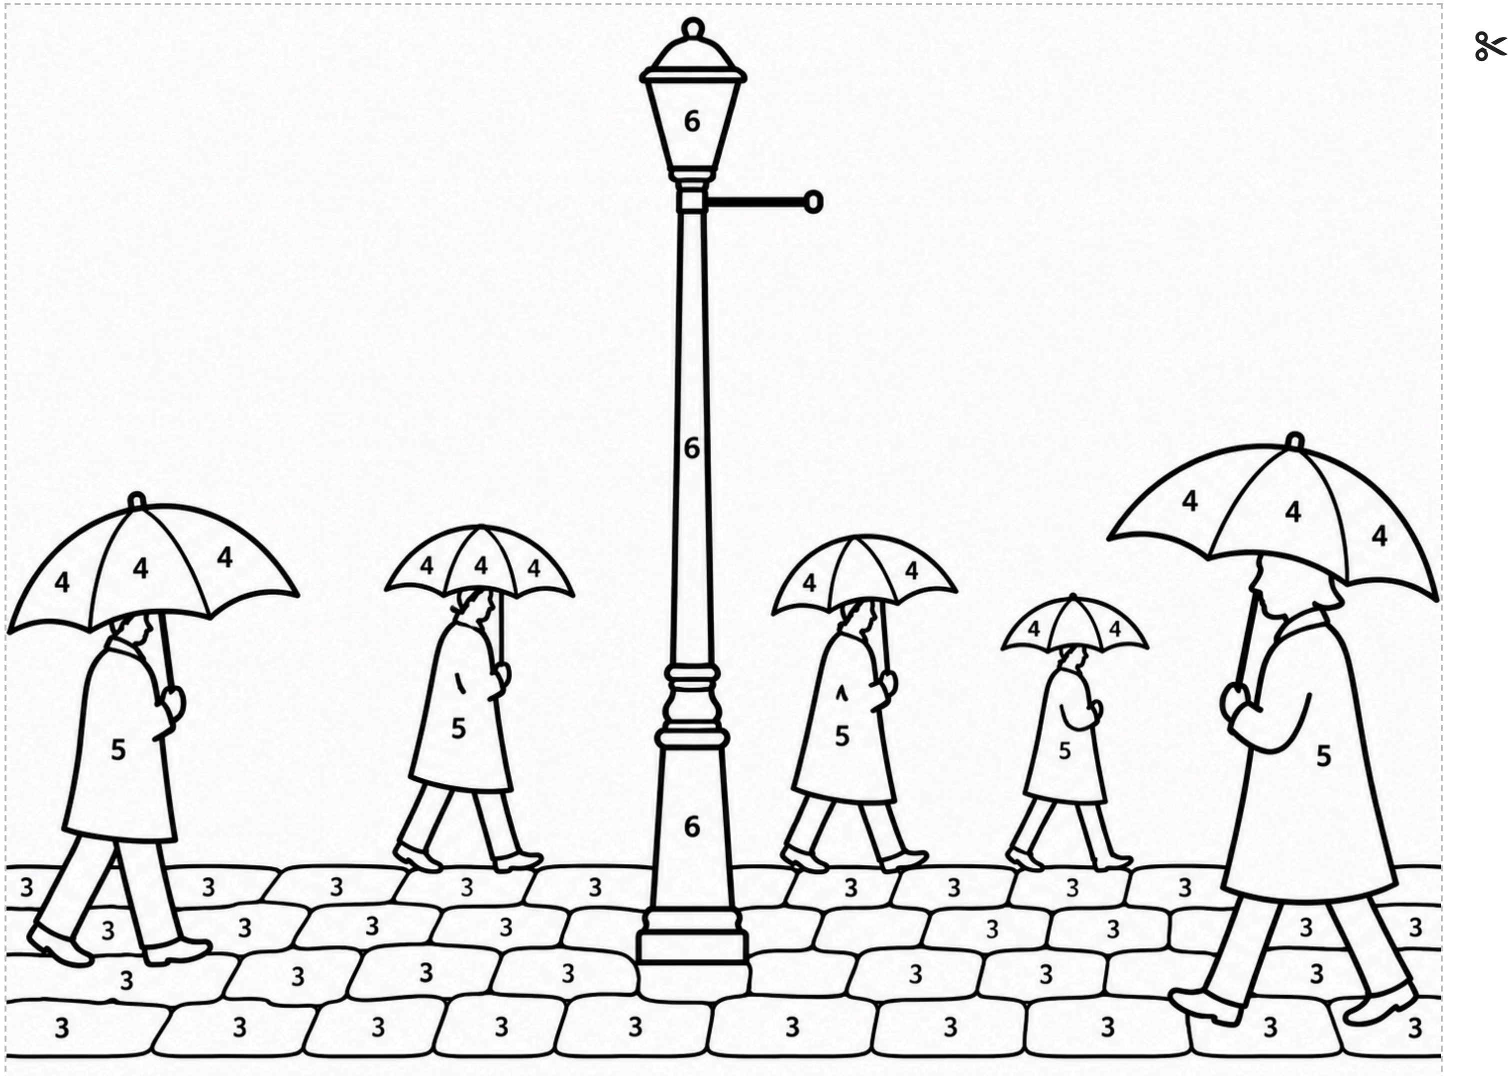
The base is 19 cm wide. The wall is 15 cm tall, the floor 9 cm deep.

SHEET A · THE BUILDINGS · at the very back · cut along the black frame · glue flat on the wall



✂

SHEET B · THE PASSERSBY · in the middle · cut along the outline of the umbrellas and the lamppost (don't cut the gray dotted line) · fold the tab backward



tab · fold here · glue on line B

SHEET C · THE COUPLE · in front · cut along the outline of the couple and the cobblestones (don't cut the gray dotted line) · fold the tab backward
