The Hunters in the Snow in 3D

Pieter Bruegel the Elder · 1565 · The hunters are coming home to the village

Color key

- **1** Sky
- **2** Snow
- **3** Ice
- **4** Trees
- **5** Hunters
- **6** Houses
- **7** Mountains

How it works

1. **Color** the three sheets A, B and C by following the numbers. The sky, the mountains and the frozen valley (A) are at the very back, the tall trees and the inn (B) in the middle, the hunters and their dogs (C) in front.
2. **Cut out** sheet A along the black frame. For B and C, cut **along the drawing**: throw away all the white above it. Keep the tab at the bottom.
3. **Fold** the L-shaped base on the dotted line: the wall stands up, the floor stays flat. Fold the tabs of B and C backward too.
4. **Glue** A flat on the wall. Glue the tab of B on line “B” on the floor, then the tab of C on line “C”.
5. **Look** from the front: the layers stack up and the painting pops out in 3D. Put it on a shelf!

You need: scissors, a glue stick and your colored pencils. Print on thick paper (cardstock, 160 g/m² or about 60 lb) or glue the sheets onto a cereal box before you cut: they stand up much better.

Tip: you can glue sheet A on the wall BEFORE you color it.
